Objective

As a Full Stack Developer, my expertise spans HTML and React. Proficient in crafting well-structured and responsive front-end interfaces using HTML, I bring creativity and precision to web design. Additionally, my skills in React allow me to develop dynamic and efficient user interfaces, ensuring a seamless and engaging user experience. Eager to apply these skills to contribute to innovative web projects.

Projects

Swiggy - Online Food Ordering Platform

- **Technologies Used**: HTML, CSS, JavaScript, Node.js, MongoDB
- **Development Environment**: Visual Studio Code, hosted on CodeSandbox
- **Features**:
  - **User Functionality**:
    - Browse restaurant menus and add items to a cart
    - Place orders seamlessly
    - User registration and authentication

  - **Restaurant Manager Functionality**:
    - Add or update menu items
    - Manage restaurant menus

  - **Additional Features**:
    - Cart management for better user experience
    - Location-based restaurant search for enhanced usability

- **Outcome**: Provided a seamless and efficient food ordering experience for users and restaurant managers.

Explore INDIA - Tourism Website

- **Technologies Used:** React, Node.js, Express, Puppeteer, Cheerio
- **Features:**
  - **User Functionality**:
    - View detailed information about selected places
    - Browse high-quality images of destinations
    - Discover nearby attractions dynamically
  - **Web Scraping & Data Handling**:
    - Implemented Puppeteer and Cheerio for real-time data extraction
    - Efficient API handling for fetching and displaying information
  - **Additional Features:**

- Responsive UI for seamless user experience
- Scalable backend architecture with Node.js and Express

- **Outcome:** Enabled users to explore places with detailed insights and nearby recommendations, enhancing their travel planning experience.

Skills

- **Languages**: Python, JavaScript
- **Web Development:** HTML, CSS, Bootstrap
- **Databases**: MySQL, MongoDB
- **React, Node.js, Express.js**
- **Linux, Aws** (Basics)
- Data Structures, Google SEO, Django, ES6 JavaScript, API's, GitHub, Visual Studio Code
- **Soft Skills**: Communication, Teamwork, Critical Thinking

Education

Degree	Institute/school	CGPA/Percentage	Year
B. Tech - IT	Sri Venkateswara College of Engineering, Tirupati	80	2020-2024
Inter - MPC	Sri Chaitanya College, Kurnool	89	2018-2020
10th – CBSE	St Joseph Public School, Anantapur	77	2017-2018

Certifications & Achievements

- 1stop – Web Development
- Accenture – Certificate of completion of Developer Virtual Experience Program
- Earned a 5-star rating in Problem Solving on HackerRank
- Certified in SQL by HackerRank
- Certification in JavaScript 2023 by Udemy.
- Nptel - The Joy of Computing Using Python
